

ABOVE: This red 1905 Rambler Type One Surrey had a 90-inch wheelbase, an 18hp, two-cylinder engine and a \$1,200 sales price. The little touring buggy was made in Kenosha, WI, by Rambler, the forerunner of Nash and American Motors.

LEFT: One of the oldest cars in the museum — or in the world for that matter — is this 1903 Curved Dash Oldsmobile. It's one of 3,924 Curved Dash models built that year, the third year of production for the Curved Dash Model R.
